

Introduced by Senator La Malfa

February 14, 2012

An act to amend Section 12578 of the Water Code, relating to water resources.

LEGISLATIVE COUNSEL'S DIGEST

SB 1085, as introduced, La Malfa. The State Water Resources Law of 1945.

The State Water Resources Law of 1945 declares that the people of this state have a primary interest in the control and conservation of flood waters, prevention of damage by flood waters, the washing away of river and stream banks by floods, and in the determination of the manner in which flood waters shall be controlled for the protection of life and property and the control, storage, and use of this state's water resources in the general public interest.

This bill would make technical, nonsubstantive changes to that declaration.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.
